Some details about the **NEO Pergola:**

Whole frame is made out of aluminium, as it is light but solid, no rusting and can withstand wind and rain. The fabric on top can be any colour and design depending on your idea and style. Basic colour of fabric is plain white.

During the project creation we calculate the exact price for you. Transportation costs are calculated individually. Departure point is in Cologne, Germany. We also have our own logistic team if needed.

Projects we create can be adapted to your needs. That is why we are asking for some photos of the area you want the NEO Pergola to be at, so that we create a visualization for you before purchasing.

Each project is fully customized and free of charge. If there's anything else I can help you with? Do not hesitate to contact us.
